— Call for Papers —

Journal *Optimization*

Special Issue on
Advances in Continuous Optimization

to participants of the

23rd European Conference on Operational Research (EURO XXIII 2009)

At the occasion of the 23rd European Conference on Operational Research, **EURO XXIII 2009,** July 5-8, 2009, Bonn, Germany (http://www.euro-2009.de) the journal **Optimization** invites submissions of papers to a special issue on **continuous optimization**. The papers may include theoretical and applied contributions in fields such as linear, nonlinear, stochastic, parametric and dynamic programming as well as control theory.

Topics are drawn from, but not limited to, the following areas of optimization:

- linear programming,
- semidefinite and conic programming,
- semi-infinite programming,
- stochastic programming,
- global optimization,
- nonsmooth optimization,
- multiobjective optimization,
- optimization in economics,
- optimization in data mining and machine learning,
- continuous optimization for inverse problems,
- continuous optimization in the financial sector.

Optimization is abstracted and indexed in the following databases: Astrophysics Data System, SciBase, British Library Inside, Cambridge Scientific Abstracts, EBSCO Databases, ISI Current Contents, Physical, Chemical and Earth Sciences, Mathematical Reviews/MathSciNet, New Jour, Science Citation Index Expanded, Zentralblatt MATH/Mathematics Abstracts and Zetoc.

Guest Editors: Prof. Dr. Gerhard-Wilhelm Weber, Dr. Erik Kropat.

Important Dates: Submission deadline of full papers: September 1, 2009.

Submission Details: Participants of EURO XXIII are cordially invited to submission. Please note that *only* contributions of registered participants can be accepted. The format of manuscripts for “Optimization” as well as guidelines and templates can be found on the web page of Taylor & Francis, the publisher of the journal: http://www.tandf.co.uk/journals/titles/02331934.asp .

All papers submitted for publication will be carefully refereed. For submission of your paper and in case of any question please contact by e-mail one of the following guest editors:

Prof. Dr. Gerhard-Wilhelm Weber
Institute of Applied Mathematics
Middle East Technical University
06531 Ankara, Turkey
E-mail: gweber@metu.edu.tr

Dr. Erik Kropat
Department of Mathematics
University Erlangen-Nuremberg
91058 Erlangen, Germany
E-mail: kropat@am.uni-erlangen.de
